

Motorhome Conversion from 3 lug to a more user friendly 2 lug

For any help or Advice please call Mark on 07952 384324 or WhatsApp

Twist the supplied adaptor ring onto the neck making sure the seal is in place first & until its tight, secure with the two screws (No Drilling Required)

Insert the key into the New Cap & turn to the left, this aligns the tabs ready to fit, (1st time Only) you can now operate as a normal Locking Cap simply using the key
